COMMANDER'S MESSAGE
 Happy Springtime Weather is around the corner! I hope everyone is excited to see the Springtime weather coming soon. Walks in the park, a good play and also some great food and libations at our Legion. Keep your eyes open for the events we are having in these months and also on our website for up to date info and events. 3/8 - Jess Zimmerman Band, 3/23 - Den and Terry plus Karaoke and 4/3 - My Little Tony. Get ready for a great St. Paddy's Day with live music and a great time featuring Jimmy the Whale 3/16. And as always, we at the Legion thank you for all your support and visits to our great Post.
March 1, 1961 - President John F. Kennedy established the Peace Corps, an organization sending young American volunteers to developing countries to assist with health care, education and other basic human needs. **March 2, 1943** - During World War II in the Pacific, a Japanese convoy was attacked by 137 American bombers as the Battle of Bismarck Sea began. The convoy included eight destroyers and eight transports carrying 7,000 Japanese soldiers heading toward New Guinea. Four destroyers and all eight transports were sunk, resulting in 3,500 Japanese drowned, ending Japanese efforts to send reinforcements to New Guinea. **March 11, 1941** - During World War II, the Lend-Lease program began allowing Britain to receive American weapons, machines, raw materials, training and repair services. Ships, planes, guns and shells, along with food, clothing and metals went to the embattled British while American warships began patrolling the North Atlantic and U.S. troops were stationed in Greenland and Iceland. "We must be the great arsenal of democracy." President Roosevelt declared concerning the fight against Hitler's Germany. The initial appropriation was \$7 Billion, but by 1946 the figure reached \$50 Billion in aid from the U.S. to its Allies. **March 19, 2003** - The United States launched an attack against Iraq to topple dictator Saddam Hussein from power. The attack commenced with aerial strikes against military sites, followed the next day by an invasion of southern Iraq by U.S. and British ground troops. The troops made rapid progress northward and conquered the country's capital, Baghdad, just 21 days later, ending the rule of Saddam. **April 21, 1918** - During World War I, the Red Baron (Manfred von Richtofen) was shot down and killed during the Battle of the Somme. He was credited with 80 kills in less than two years, flying a red Fokker triplane. British pilots recovered his body and buried him with full military honors.

Hugo A. Vargas, USMC

LEGION RIDERS

We hit the pavement with all wheels rolling in January by adding 5 new Legion Rider members and we are hoping to keep the momentum going! Spring is just around the corner, so if you want to join us as a Charter Member of Post 429 American Legion Riders, come to a meeting. We meet every first Sunday at 12:30 p.m. We have been actively helping the Sons work on fixing up the downstairs, known as the Rainbow Room. We are hoping to bring it back to a functioning room by late Spring. We hosted a meeting for our entire Region 7 American Legion Riders here this month and everyone is anxious to return during the upcoming year. You will come to realize that Legion Riders are busy people. That means we will be hosting Rides and Events all throughout the year, not just during "riding season." Our first fundraiser will be on March 13; a St. Paddy's Dance from 8-11 p.m featuring Jimmy the Whale and another dance on April 13 featuring My Little Tony also from 8-11 p.m. So come on out, join in the fun and help us help our fellow veterans and our surrounding communities. Feel free to check us out on Facebook:

Ephrata American Legion Riders Post 429. Our website will be up and running shortly: www.ephratalegionrider.wixsite.com/mysite.
